About Project STAND

Project STAND is a community outreach event designed to support awareness and assist agencies with resources for Domestic Violence survivors. Project STAND was birthed in 2014 due to the rise of violent deaths resulting from incidents involving domestic violence. Unfortunately, the numbers continue to increase – therefore we must continue to stand. In 2015, Project STAND contributed over \$2,000 to the Corinthian House – a new shelter for domestic violence survivors. We intend to increase this year’s donation by 50% and we need you to stand with us.

Project STAND seeks to achieve the following objectives:

- To bring awareness to and stand against Domestic Violence issues in Memphis during October which is Domestic Violence Awareness Month
- To support and give exposure to current resources for survivors and their families
- To unite efforts and build a support system for those that are/have been domestically abused

Project STAND 2016 will be an Evening of Hope on Sunday, October 30, 2016 at 4pm. The event is semiformal and will be held at The Esplanade Memphis. We will celebrate several survivors of Domestic Abuse as well as have agencies on hand to provide information on available resources here in the city. A portion of the proceeds from ticket sales and sponsorships will be donated to support local efforts to aid victims of domestic violence. Each attendee will also be able to make an additional contribution at the event. For more information on Project STAND please visit www.project-stand.org.
